BARROWS HALL

June 26, 1975

1030 and
5:00 pm

Mr. Wiley Greiner:

Professor Hoggatt has recommended that your thesis on APL implementation be processed on the RUNOFF system in the Laboratory and that it be included in the Laboratory Technical Report series. I am pleased to approve both requests. The computer time used should be charged specifically to the Lab grant as part of the documentation effort.

F. E. Balderston
